**DB620C / DB620S / DB625C / DB625S****DOLPHIN INFRARED URINAL FLUSH VALVE KIT (PROXIMITY SENSOR)**

- > Touch Free Proximity Sensors – eliminates cross contamination. Senses when user is present and flushes urinal when user walks away
- > Direct flush does not incorporate or work with cistern, this saves the bacteria growth associated with stored water
- > Needs a 15mm feed
- > It is recommended that a vacuum breaker is used in conjunction with these products or otherwise as stipulated to comply with local water regulations
- > Vandal resistant, ideal for educational institutions, detention centres, train stations
- > Infrared urinal flush sensor
- > Complies with the following certifications; WRAS
